

WELCOME TO OUR TEAM!

Welcome to **AGAINST**
breast cancer

We are thrilled to have you join our gaming campaign!

Against Breast Cancer funds pioneering research to improve detection, treatment and increase survival after breast cancer diagnosis. The focus of our research is preventing secondary spread, the main cause of breast cancer related deaths. The money you raise will help to develop new therapies, design better tools for earlier diagnosis, and provide evidence-based advice to reduce the risk of secondary spread.

In this pack you will find your Twitch Overlays to get you started, as well as our online fundraising pack to help you with fundraising incentives and ideas, and useful links.

Thank you again for choosing to support Against Breast Cancer, If you have any questions please drop us an email using the address below.

Best wishes
